

Hello from:
Preacher
Tom Anderson

NEWS LETTER

Well it is Amazing how time goes by so quickly. We are still in need of many items for our homeless and it wont be long and we will be stocking up for Spring and Summer, but we still have more Cold Weather, So, If you have Jackets, Sleeping Bags, Blankets, Old Coleman Cook Stoves, Little Bottles of Coleman propane Gas. They use this gas for their small Coleman Gas Heaters and Stoves if they have one. I am checking out our homeless more closely before giving them items like this because they will take them and sell them and those that really need them will go without. I found a homeless man and woman living in a tent with 8 bottles of Coleman gas and nothing to use them with. I run across some weird stuff.

I am still needing to work on our storage building. It needs rotten wood torn out and replaced. Spring is coming and the Ministry is on \$125.00 a month along with what I put into it from Preaching on occasion around different Churches in the area and working side jobs that pop up. This Ministry is worth it when it allows a chance to tell folks about Jesus Christ. I do have a Meeting in Kentucky in April to present the Ministry. I pray that meeting goes well.

Support is greatly needed but going on Deputation will take me away too Long.

New News!

Being that there was not much success with finding the homeless in Beaufort SC, I have been going to Charleston SC and working with the Homeless around Meeting Street in what has been called "Tent City."

Greatly Needed

Our Homeless have need of Gloves, Warm Hats, and Jackets, but they always ask for under clothes, T-shirts, Warm Socks for Winter, and cool socks for Summer. I am Praying for a Small Covered pull Trailer to haul the needed items for the Homeless as well as some Tables, Coffee Containers to keep the Coffee and Water Hot. The Trailer will give me a chance to Organize better and Safer as I want to have Church Services before giving out the items. The Tables will set a perimeter to keep the Homeless from Crowding up behind me. Just some Safety ideas I am Working on in the larger areas I am Working. Please Pray. **Thank You.**
